

## Temperature Table

		
<b>40°C</b>	Thinner MSB 25-35	Thinner MSB 35-40
<b>30°C</b>	Thinner MSB 15-25	Thinner MSB 35-40
<b>20°C</b>	Thinner MSB 15-25	Thinner MSB 15-25
<b>10°C</b>	Thinner MSB 10-20	Thinner MSB 15-25 Thinner MSB 10-20 *
<b>5°C</b>		

This is only a guide and the choice of thinner to be used will depend on temperature and the size of the panel to be painted.

The larger the panel, the slower the MSB Thinner to be used.

\* = Use in poor spraybooth conditions and/or low temperatures.
